Moses Osuna – Front End Developer

xschrixx@gmail.com ❖ (520) 223-2664 ❖ Tucson, AZ

PROJECTS

Art Company Website (https://landing-page-schrixx.vercel.app/)
Designer/Developer
- Produced an entirely responsive 4-page website.
- Constructed a button-managed image scroller system.
- Utilized Tailwind to breathe life into swift and adaptive design implementations.
- Leveraged React.Js to empower users with real-time website updates.
- Enhanced type safety to minimize debugging using typescript.

Portfolio Website (https://schrixx.com/)
Designer/Developer
- Employed Framer Motion to craft exquisite website animations.
- Constructed a functional contact form which successfully facilitated more than 10 emails.
- Showcased video presentations and links to access project source code repositories.
- Implemented Vite to increase build times by up to 50%.
